KIOSKS

Solutions

Automate your payments and services with the help of our kiosk solutions. KBF provide end to end solution including kiosk hardware, software, integration and implementation.

Kiosk solution would be one of the key area KBF would be exploring more and more and we showcase an advanced and futuristic solution. What are we doing is to take the currently available kiosk solutions to a next level by keeping a possibility to automate more areas of it through Machine Learning Technology. This will enable the customer to get more insightful data and reports than a normal kiosk solution can deliver.
